EDUCATION

KIT-KalaignarKarunanidhi Institute of Technology– Coimbatore, Tamil Nadu 2024 – 2028

B.E. Computer science and engineering (Artificial intelligence and Machine learning), second year Current **CGPA: 7.84/10.0**

Coursework: Computer Architecture, Computer Networks, Artificial intelligence, Data Structures and Algorithms, Object Oriented Programming

PROJECTS

Safe-Aura – Women Safety Monitoring System | Python, Machine Learning, OpenCV, Flask

- Developed a women's safety monitoring system with an **SOS** alert mechanism to trigger emergency notifications in critical situations.
- Implemented gender classification (men/women) using computer vision and machine learning models for real-time environment analysis.
- Integrated real-time monitoring to enhance situational awareness and improve personal safety response.

Cinema Ticket Booking Interface | Java, OOPs

- Designed and implemented a console-based cinema ticket booking system using object-oriented programming principles in Java.
- Applied core OOP concepts such as classes, objects, inheritance, encapsulation, and polymorphism for modular and maintainable code.
- Enabled features like seat selection, ticket booking, pricing, and booking confirmation.

Rice-grapevine-pistachio-cnn | Python, Machine Learning, YOLO v8, Flask

- Built a multi-class image classification model to identify rice strains, pistachio varieties, and grapevine leaves for agricultural optimization.
- Trained CNN-based models with image preprocessing and augmentation to improve classification accuracy.
- Evaluated performance using accuracy and confusion matrix for reliable crop analysis.

TECHNICAL SKILLS

C	JavaScript	Node.js	C++	DSA
	MongoDB	Java	OOPS	
GitHub	SQL	Git	React.js Python	

CERTIFICATIONS & COURSES

COURSERA-Get Start with Python
SIMPLILEARN-Basic of Data Structure and Algorithms
CISCO-Python Essential 1 & 2
CISCO -Introduction to cyber Security

COMPETITIVE PROGRAMMING

Leetcode : Max rating – **473808** | Top **55.82%** Global | Highest Rank :**1547** |

Codeforces : Max rating - **1214** | Position: **Specialist** | Highest rank **15446** |

Codechef **:** Max rating - **1443**| Position : **2 Star** | Problems : **312** |Global Rank in Codechef : **35903** |

ACHIEVEMENTS

- Completed Agentblazer Champion - Trailhead by Salesforce.
- Achieved Second Place in Technical Hackathon, conducted by United Institute of Technology.
- Participated in NCSRC hackathon conducted by Indian Institute of Technology Madras(IITM).
